FAMOUS WILL

Broken, Which Means Much for Ashe County.

Winston-Salem, Oct 4—During court held in Ashe county last week the famous will case of Napoleon Ballou was heard and after a fierce legal battle the will was broken.

Mr. Ballou was the owner of valuable iron deposits and had been offered immense sums of money for what is known as the Ballou home place iron bank. He refused all offers and died leaving a will, the construction of which completely tied up the property for at least one hundred years.

By the breaking of this will it is thought that Asbe county will have a railroad on account of its excellent mining property. A number of mineral men are at Jefferson endeavoring to get the property.

A Durham tobacconist was here today and says W. L. Ferrell, who is sick at Watts's Hospital in Durham, is gradually improving and will be able to move here by November 1

OOM PAUL'S BOLD DEMAND

Orders the Withdrawal of the British Within 48 Hours

EXCITEMENT ON THE EXCHANGE

At London Over a Vague Report that a Battle Had Been Fought.

Situation Very Grave.

By Cable to the Telegram

Paris Oct. 4—A number of papers say the Boers have sent their ultimatum to Great Britain, demanding the withdrawal of troops from the frontier within forty-eight hours. The papers congratulate President Kruger upon his coming decision.

BRITISH CROSS THE BORDER.

Bloemfontein, Oct. 4—The Land-Dro t telegraphs that the British troops have crossed the border from Kimberly.

BRITISH INDIAN SOLDIERS.

Simla, British India, Oct. 4—Under orders from the war office at London, preparations are being hurried to embark a large force of Shoorkas and other restive troops for South Africa.

STOCK EXCHANGE INFLUENCED

London, Oct. 4—The stock exchange was influenced at the opening hours by vague rumors that the queen had cabled Kruger and Stein, holding out the olive branch, and by the report that the Boers had been defeated in a small engagement. Prices rose but there was a speedy relapse when the reports were discredited.

BOERS FEAR THE BRITISH.

Capetown, Oct. 4—Reliable information from Bloemfontein and Pretoria received today states that the Boers will not take the offensive and invade Natal, for fear of being entrapped between Ladysmith and Dundee. In consequence, they will remain on the international border and act on the defensive.

APPREHENSIVE AT LONDON.

London, Oct. 4—Lack of direct news from the Transvaal increases the apprehension at the foreign office, which is momentarily expecting information of the dreaded attack of the Boers upon Natal. The strict control of the latter over the telegraph will prevent a full knowledge of their movements before they shall have delivered their first blow.

THE SITUATION IN NATAL GRAVE

Cape Town, Oct. 4—Upon the arrival of Quartermaster General Sir Geo White he found the situation regarded as so grave and affairs looking so serious on the Natal border that the authorities considered it expedient to wire the admiral at Simon's Bay asking if the cruiser Doris would be available to convey Gen. White and the principal members of his staff direct to Durban. If the Doris is available, White will sail tomorrow to take command of the forcees in Natal Sunday.

BIG FIRE AT IRY

Last Night—Loss Roughly Estimated at $10 000

Correspondence Telegram.

High Point, N. C., Oct 4—Mr. W. D Allen, register of deeds at Troy, Montgomery county, who came up on the Asheboro train this morning, tells us of a big conflagration that visited his town last night at 8:30 o'clock.

Greene hotel was destroyed, loss $2,000; W. C Nance's store and dwelling, loss $1,500; Hearne & Varner, livery stable, loss not given; Montgomery Hardware Company, loss $2,500.

The fire is supposed to have started in the feed department of livery stable of Hearne & Varner by a cigar.

Some hardware was saved. Total loss on all buildings and contents estimated at from seven to ten thousand dollars.

Bullet Removed.

Ben Jennings who was shot Friday night by Ben Wilkerson, was examined yesterday evening by Drs. Turner and Scott, who found the skin of his back at the ninth rib disturbed. They cut out the bullet and the wounded man was resting easy this morning. The bullet was not in his stomach as the doctors had expected.

Wilkerson was to have been tried before 'Squire Pritchett at 1 o'clock yesterday, but at the request of his counsel the hearing was postponed till further developments in the condition of Jennings.

PRIDDY ACQUITTED

The Prosecutor Agrees to a Verdict of Not Guilty.

Up to noon today about twenty cases had been disposed of by Judge Ewart in the Federal court, which is being held in the county court house.

A large number of cases are on the docket, but most of them are of minor importance. In addition to the ninety-eight civil cases brought over from the last term, there are one hundred and four civil suits ready for trial True bills have also been found in ninety new cases. The majority of the cases are for the illicit handling of whiskey.

Prominent attorneys and deputy marshals from all over the district are in attendance.

The first case heard was that against James Huffman and A. L. Fields, both of Guilford county, who were charged with removing and concealing whiskey. Fields was convicted and Huffman acquitted.

The case against Deputy Marshal Priddy, charged with shooting at a prisoner in Madison some weeks ago, was called yesterday evening but Solicitor Mott, who was the state's prosecutor, announced that he had agreed to a verdict of not guilty.

The clerks in the marshal's office in the government building are very busy paying out fee-money to deputy marshals and witnesses.

An important suit was instituted yesterday by the Adams Tobacco Pressing Company, of Quincey, Ill., against P. H. Hanes & Co. and Kester Manufacturing Co., of Winston. The bill of complaint in equity sets forth that Charles B. Adams patented "certain new and useful improvements in tobacco presses" and that he sold these patents to the Adams Tobacco Pressing Company, and that Hanes & Co and the Kester Manufacturing Co. have made, sold and used these improvements. An injunction is asked for, and it is also prayed that the court will ascertain and pay over to the Adams Tobacco Pressing Co "all gains, profits and savings" unlawfully realized by Hanes & Co. and the Kester Manufacturing Co. The Adams Tobacco Pressing Co. is represented by Mr. Priddle, of the firm of Priddle & Russell, Washington, D. C.

COME BACK HOME.

Buys Out a Store and Will do Business Here.

Mr G. Cam Smith, who, until the sale of the C. F. and Y. V. railroad, was assistant train dispatcher in the office here, and who has since held a similar position with the Coast Line in Richmond, has come home to stay. His family have never left Greensboro and they like it so well that Mr Smith has decided to quit the railroad business and locate here permanently.

Accordingly he has purchased, we are told, the grocery business of Mr. Jeffries, next door to Hudson's, and an inventory of stock is being taken today, preparatory to taking charge of the business. We are not informed what Mr Jeffries will do, but we wish both of them much success

A BIG DEAL.

The Cones Reaching Out Their Industrial Tentacles.

There comes news of a big deal in the Danbury section of Stokes county, in which the Cones of Greensboro are the prime factors. Piedmont Springs hotel and its valuable adjacent property has been bought, together with a large scope of land, comprising fine water power, mineral wealth, etc. It is rumored that this property has been bought for the erection of cotton mills on Dan river, and that a railroad will be built to the scene.

No particulars are yet known, but the Telegram has it upon good authority that the deal has been made and that the deeds have been executed.

Decision in the Patton Suit.

A decision is looked for early this winter in the suit of J. D Pattor & Co, suing for J D. Patton and others, against the United States.

This is a case to test the validity of the retroactive clause affecting the tobacco taxes imposed by the government at the outbreak of hostilities between this country and Spain It provided that the tax should be increased from 6 to 9 cents, and compelled manufacturers to purchase additional stamps for the stock on hand. This suit has been instituted for the recovery of the 3 cents, and involves no less a sum than $80,000. The clause cost the Patton Company alone $3,000.

Senator Daniel and Mr. William L. Royall are counsel for Mr. Patton. The Senator thinks the case a very strong one. and says he has every assurance of victory.

The case has been certified to the Supreme Court, and the government has six months in which to file its answer, but this right was waived, and the decision is expected early in the winter.

The case has aroused great interest all over the country, and particularly in the tobacco sections.—Richmond Dispatch.

CONTEST FOR GOVERNOR

Marion Butler the Republican Party's Possible Nominee.

BUTLER'S RECENT OPINION.

He Opposes the Proposed Amendment on the Ground of its Unconstitutionality.

Special to The Telegram.

Washington, Oct. 4—Senator Marion Butler, of North Carolina, is in the city for a few days. He came here for the purpose of attending the Dewey reception, being a member of the congressional committee. The senator while here will attend to some matters before the executive departments in which his state is interested.

Senator Butler has been mentioned, more or less prominently in the state journals of North Carolina, in connection with the gubernatorial contest as a possible nominee of the republican party. The senator, while not making any statement for publication in regard to the mentioning of his name in this connection, indicated by his statements that he would not allow his name to be considered for the nomination.

Senator Butler is opposed to the proposed constitutional amendment to the state constitution limiting suffrage in North Carolina. He says that he has but little faith in the amendment as a solution of the race problem. He doubts the constitutionality of the amendments, especially the fifth section of the same, which has been widely discussed, both in and out of North Carolina, by its opponents. He is of the opinion that if this section is declared to be unconstitutional, that the amendment would disfranchise as many white men as colored men. He says the percentage of qualified colored voters in the towns under the proposed constitutional amendment would be almost as great as qualified white voters.

The senator says there is really no race issue in North Carolina, and that it has been raised merely for political effect. He would not say as to the prospects of the amendment being adopted or defeated.

Admiral Dewey is receiving numbers of invitations to visit different places. He has not definitely decided upon his future movements, though it is about settled that he will go to Montpelier, Vt., his old home, to spend a short time. He has received invitations to visit Boston, Chicago, Atlanta, and some towns in Michigan. Whether he will accept any or all of these invitations depends upon future events.

The reception yesterday to Admiral Dewey in this city was highly satisfactory to the committee getting up the affair, especially Monday night. The weather was fine and the air just brisk enough to make being out of doors pleasant. It is said the admiral will visit the White House today, paying his first social call after the banquet last night.

A number of brilliant events in the Washington social world are announced for November. October aside from the Dewey reception, which terminated last night with the dinner at the White House, will be rather a dull month from a social point of view. Next month, however, a number of brilliant weddings are to take place. Among them will be one of much interest to Virginia, South Carolina, and other sections of the south. It is the coming marriage of Miss Elizabeth Tyler, daughter of Col. Nathaniel Tyler, who now resides in this city, to Mr. William Brisbane Rhett, now of New York, but formerly of South Carolina. Col. Tyler and family have spent the summer just beyond Georgetown, in the District, where they have a beautiful summer home. They intend, however, taking a home in Washington city some time in November.

There is much talk concerning the election of a successor to the late Hon. Lawrence Gardner, who was secretary of the democratic congressional committeee. The committee will not meet until some time after the assembling of congress, and there are likely to be several candidates for the honor. Col. R. N Harper, of the Virginia democratic association, who resides for most part of the time in this city, is mentioned in connection with the place.

Governor Tyler, who attended the Dewey reception, made his headquarters at the Ebbitt House. He left for Richmond Tuesday night. The governor while in Washington had nothing to add to the senatorial outlook in Virginia. He is still apparently hopeful of the result.

Mr. Clem Wood, of Alexandria, Virginia, who was bitten by a supposed mad dog the other day, passed through Washington enroute to New York for the Pasteur Institute, where he goes for treat ment.

Mrs. Joseph Jacobs, of Winston, North Carolina, who has been visiting her father for the past three months, has returned to her home

Dr and Mrs John W. Bayne, of this city, have announced the engagement of their daughter Mae Ashby, to Mr. David B. Tennant, of Richmond, the wedding to take place in November.

Can the Asheboro train run? See if she can't. The distance from Asheboro here is 28 miles and she ran it yesterday in 35 minutes and made seven stops of at least one minute each, which would bring the actual running time down to 28 minutes or an average of one mile a minute. The train was behind time and she ran to "beat the band."

We are reliably informed that a prominent High Point attorney, who has just returned from a business trip of two or three weeks, did while away make the largest fee that has ever been made by a Guilford county lawyer To some of you this will seem like a dream but nevertheless it is the truth Multiply $3,000 by $2,000 and you will be in the neighborhood of the royalty received.

The bereaved have the sympathy of all friends here.

The famous Barlow Minstrels have come and gone, leaving behind them a delighted audience. The performance last night was exceptionally interesting from first to last. Nearly every man acquitted himself as an artist and not as an amateur, as is the case in some minstrels. The jokes were enjoyed—most of them were new. The singing was fine and enjoyed by all who knew how to appreciate such talent. Harry Wright, the bicyclist, was a wonder. In a nutshell Barlow Minstrels are hard to down and undoubtedly the best minstrel ever here. Come again.

A gentleman by the name of Hamilton, from Randleman, was at the depot last night, enroute to Asheville, where he will remain a day or so before going to Evansville, Ind., to attend a reunion of the blues and grays and those from the north and south who fought in the Spanish-American war. Mr. Hamilton was a non-commissioned officer in Company F, Third Georgia, during the recent war and was in Cuba three months. In speaking of the reunion he voiced what General Fitzhugh Lee said: "When one section extends the hand of fellowship the other one should grasp it." On his hat Mr. Hamilton wore a "Cuban cockade" and in his valise had a large Cuban flag used in the parade at Havana. It was presented to him by the daughter of a guerilla.

FOUR DAYS OF FIGHTING.

Two Americans Killed and Seven Wounded in the Philippines.

ONE OF THEM WAS AN OFFICER.

Insurgents Fought With Spirit and Perseverance—Americans Failed to Capture Guns.

By Cable to THE TELEGRAM.

Manila, Oct. 4—There have been four days of the liveliest kind of fighting. It appears that the insurgents planned that the attack should begin at Imus on last Saturday, then Colombo and Mexico should be attacked. A large force of Filipinos, which has been hovering in the neighborhood, attacked Colombo from the northwest yesterday, using two rapid-fire guns and one machine gun. Col Kline advanced with two companies of the Twenty-first and one gun and dislodged the weaker wing of the attacking party south of the hills. In the meanwhile, two companies of the Twenty-first, with Hotchkiss guns, crossed the bridge and repulsed a vigorous attack from the northwest hills.

The American loss was two killed and seven wounded, including one officer. The insurgent guns were not captured.

In the afternoon cavalrymen reconnoitred in the neighborhood close to Mexico but they were outnumbered. The cavalrymen wounded several bolomen concealed in the grass.

THE PEOPLE'S VERDICT.

The following strong editorial appears in the Richmond Times, in regard to the shameful treatment of Admiral Schley by the McKinley administration:

The administration's treatment of Admiral Schley in connection with the Dewey celebration in New York is an indelible disgrace to it. The position Schley holds in the esteem of the men of the navy—the men who constitute the real navy—is shown by Admiral Dewey's reception of him. Schley being shut out of the stand when the city's cup was to be presented to Dewey by an inconsiderate gateman, climbed over the railing like a joyous schoolboy to be with his old comrade when this great honor was conferred upon him. When Dewey saw him he rushed up to him and putting his arm around his neck exclaimed, "My dear, Schley, I cannot tell you how glad I am to see you." "Admiral," said Schley—"Don't you Admiral me," Dewey cut in, "we are boys again today, and I won't have any formalities from you." Schley is an honor to the United States navy; he is one of the very best men it ever had, and he is so regarded by the men of the navy who make it the great institution that it is.

Yet how did it appear in the great festivities of New York? He came to the city like any private citizen, put up at a hotel totally unnoticed, viewed the ships' parade which every sailor longed to see from such a position as he could hire, and was as totally unnoticed as if he had never fired a shot for his country's defence.

And this man had commanded his country's fleet in the greatest naval battle of modern times, when a performance was enacted that made all the nations of the earth stand aghast and wonder what could befall themselves if those vikings got after them. In any other country Schley would have represented his nation in a celebration of that sort in a position of honor second only to that of the greatest of the occasion.

But where was Sampson while Schley was playing this Cinderella part? Blazoned out in all the luxury of gold lace and starry epaulets, he was commanding the finest fleet the world ever saw, and bolstered up by every influence the administration could command, he was doing his little best to impose upon the world with Schley's stolen laurels. It is a shame, a crying shame, that makes every honest American, every man who knows a man and admires courage, skill and knowledge, blush for his country.

But Schley had his recompense. The people knew who was the hero of Santiago, and they gave Schley an ovation that would make the heart of any man who ever performed great deeds swell with grateful pride. The cheers he received and the flowers the ladies heaped upon him told him in unmistakable language that his fellow citizens were perfectly well aware of what he had done for them, and they told him that he was enshrined in their hearts where petty personal enemies who happened to control the agencies of government could never reach him to eclipse one ray of his splendid glory. He is safe in the hearts of his fellow citizens and his place in history is secure, so that he may well say to all the Sampsons and their abettors. "Cease vipers, you gnaw a file."

Editor Carr retires from the Asheville Citizen, and Editor W. G. Eggleston takes up the quill. Congratulations to the one for a long and good service, and a welcome to the other among the craft.

MARY ANN FOR GOVERNOR.

Marion Butler is hungry again. He is always hungry His appetite for "pie" is absolutely insatiable. Some folks might have thought he had settled down to the tranquil career of law, but the fact that he is again beginning to tamper with the political pot in North Carolina, betrays the wiry schemer's weakness—the gastric juices are again flowing in all their wonted intensity. We don't mean to intimate by this that his appetite for pie has ever grown less. But Mary Ann has been such a reprobate rascal in the offices the people have entrusted him with, that even his own invincible gall shrank from a further sufferance of the people. He dreaded a fatal blow to his career. He determined, like Brer' Rabbit, to lay low for awhile. But the temptation is too strong, and Mary Ann is being lured to his doom. Stay the hand. Let him go.

He has an eye on the executive chair, and of course it would cause no compunctious throb for him to be called upon to throw off what little guise of principle he wears, what minute traces of conscientious scruples he bears, and come out with the cloven foot—the nominee of the republican party for governor of North Carolina.

He already arrays himself, with his narrow brain, his insincere and prejudiced ideas and his arrogant fund of law, against the amendment. He calls it unconstitutional in the first place, and in the second says it is a democratic scheme. He of course is opposed to it. He's opposed to anything having for its object a betterment of North Carolina—a shifting of our glorious old commonwealth from the hands of designing politicians to the safe rule of decent white men of character.

He has no faith in the amendment as a solution of the race problem. Of course he hasn't. He has no faith in anything but himself. Any measure not woven by his own selfish brain, any man that doesn't believe as him self, is gall and wormwood to Mary Ann. He spews them from his mouth He judges humanity and the world by the standard of his own snaky life.

Mary Ann cares nothing for the kind of men that control the affairs of North Carolina, only that he be allowed to be one in their midst. He would as quickly make the race with Jim Young as his running mate, as with Charley Reynolds.

So he begins to tamper with the pot, and is at the point even now of taking up the burden of the ignorant and vicious negro voter. All he needs is a little encouragement from the bosses of the republican party.

And let us hope that the inducements may be extended him.

It's no longer "the hero of Manila bay" but "the hero of New York." The man who can go through that ceremony for days at a time without having the gray matter turned topsy-turvy, has in him some mighty stern stuff.

The Temple of Fame.

"How far away is the Temple of Fame?"
Said a youth at the dawn of day;
And he toiled and dreamed of a deathless name;
But the hours went by and the evening came.
That left him feeble, and old, and lame,
To plod on his cheerless way.

For the path to Fame is a weary Climb
Up a mountain, steep and high.
There are many who start in their youthful prime;
But the battle with fate and time,
For one who reaches those hearts sublime
Are thousands who fall and die.

The youth who had failed could never g ess
The reason his quest was vain;
But he sought no other to help or bless;
He followed the glittering prize, Success,
Up the narrow pathway of Selfishness,
And this had been his bane.

"How far is the Temple of Good?"
Said a youth at the dawn of day;
And he strove in a spirit of brotherhood
To help and succor, as best he could,
The poor and unfortunate multitude
On their hard and dreary way.

He likewise strove with adversity
To climb to the heights above;
But his dream was ever of men made free,
Of better days in the time to be.
And self was buried in sympathy—
He followed the path of Love.

He was careless alike of praise or blame,
But after his work was done,
An angel of glory from heaven came
And wrote on high his immortal name,
Proclaiming the truth, that the Temple of Fame
And Temple of Good are one.

For this is the lesson that history
Has taught since the world began;
That those whose memories never die,
That shine like stars in our human sky,
And brighter grow as the years roll by
Are men who have lived for Man.

Bucklen's Arnica Salve.

Stockholders of the Toledo (Ohio) gaslight and Coke Company are arranging to sell out to an eastern syndicate for over $1,000,000.

Joseph Stockford, Hodgdon, Me., healed a sore running for seventeen years and cured his piles of long standing by using DeWitt's Witch Hazel Salve. It cures all skin diseases. Howard Gardner.

Defaulting Teller Fred T. Moore, of the National Bank of Commerce, Boston, Mass., has been arrested in Chile as embezzler of $53,000.

Eat plenty. Kodol Dyspepsia Cure will digest what you eat. It cures all forms of dyspepsia and stomach troubles. E. R. Gamble, Vernon, Tex., says: "It relieved me from the start and cured me. It is now my everlasting friend." Howard Gardner.

Former Assistant Cashier Henry Hough, of the Cocheco National Bank, of Dover, N. H., is charged with embezzlement and larceny aggregating $9,000.

Robbed the Grave.

A startling incident, of which Mr. John Oliver, of Philadeldhia, was the subject, is narrated by him as follows; "I was in a most dreadful conditien tion. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides; no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying Electric Bitters: and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cents per bottle at C. E. Holton's drug store.

DURHAM'S TWIN BENEFACTION.

Washington Duke's Liberality and Julian Carr's Generosity.

Durham is blessed with wealthy citizens of a benevolent and generous turn of mind who are zealous in good works. Mr. Washington Duke's liberality to education is well known, and he is a friend to both races in that respect. His munificent gifts to Trinity College has made that institution a shining light in this state. He now performs another generous act, by giving a piano to the colored graded school of Durham. This liberal act will be appreciated by all who take an interest in that school, and it supplies it with a long-felt want. The good that men do lives after them, and in the good works performed by Mr. Duke there will be blessings in this life and a sweet perfume to his memory when he shall have passed off the stage of action.

Yesterday was a happy day for Trinity church. There was a debt of $6 303 33 hanging over the building, but it melted away like frost before the rising sun. The faithful and devoted women of the church—God bless them!—by their untiring labors and self-sacrifice, with the love-inspiring efforts of all other members, had raised quite a sum of this amount, and yesterday it was in the minds of the membership to lift the debt. The effort was made, and after all had contributed according to their means, Gen. Carr handed Pastor J N. Cole a blank check and asked him to fill it out for the amount lacking. This was done and the check was made out for the sum of $3,503. 3. A flash of beaming joy illuminated every face, and gratitude for Mr. Carr's generosity found expression on all sides. The liberality of this big-hearted man rolled through the audience in a huge wave of enthusiasm. Trinity was free from debt. Joy and glakness were unconfined, and hearts devoted to the cause of the Master invoked blessings upon this benefactor in good works. It was a happy day for the pastor, Rev. J. N. Cole, who mingled his joy and appreciation with that of his flock in a becoming manner.

The Sun congratulates Trinity upon the happy manner in which the cloud of debt rolled by, and wishes for it undimmed future, full of illustrous examples of piety and good works."—Durham Sun.

Suicide of a Drummer at Kinston.

Kinston, N. C., Oct. 3—E. J. Ferguson, a travelling man who lived in Wilson, today committed suicide by shooting himself through the head. He had been drinking heavily several days. The deed is supposed to have been done in a fit of alcoholic insanity.

Ferguson left the hotel and went to the outskirts of the town, near the Gay Lumber Company plant. Several witnesses rushed to him, but he had aimed the shot well, dying immediately. It is said that he leaves a wife living in Wilson.

"Do you think of going to war with Great Britain?" "No," answered Oom Paul, "I can see no need of troubling ourselves. We can stay here quietly and let Great Britain bring it to us."—Washington Star.

You assume no risk when you buy Chamberlain's Colic, Cholera and Diarrhoea Remedy. C. E. Holton will refund your money if you are not satisfied after using it. It is every where admitted to be the most successful remedy in use for bowel camplaint and the only one that never fails. It is pleasant, safe and seliable.

Teacher—"For what else was Julius Caesar noted?" Tommy Tucker (who had studied the lesson somewhat hastily)—"His great strength, ma'am. He threw a bridge across the Rhine."—Chicago Tribune.

The "Plow Boy Preacher," Rev. J. Kirkman, Belle Kive, Ill., says: "After suffering from Bronchial or lung trouble for ten years, I was cured by One Minute Cough Cure. It is all that is claimed for it and more." It cures coughs, colds grippe and all throat and lung troubles. Howard Gardner.

You will never find time for anything. If you want time you must make it.—Charles Buxton.

No Cure—No Pay.

That is the way all druggists sell Grove's Tasteless Chill Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter, nauseating tonics. Price, 50c.

If a man be endued with a generous mind, this is the best kind of nobility. —Plato.

"If you scour the world you will never find a remedy equal to One Minute Cough Cure," says Editor Fackler, of the Micanopy, Fla., "Hustler." It cured his family of LaGrippe and saves thousands from pneumonia, bronchitis, croup and all throat and lung troubles. Howard Gardner.

One cannot always be a hero, but one can always be a man.

President King, Farmers' Bank, Brooklyn, Mich., has used DeWitt's Little Early Risers in his family for years. Says they are the best. These famous little pills cure constipation, billiousness and all liver and bowel troubles. Howard Gardner.

Five men, charged with robbing the Portsmouth car stables two months ago, escaped from jail at Newport, R. I.

Remarkable Rescue

Mrs. Michael Curtain, Plainfield, Ill., makes the statement that she caught cold which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine would cure her. Her druggist suggested Dr. King's New Discovery for consumption; she bought a bottle and to her delight found herself benefitted from first dose. She continued its use and after taking six bottles, found herself sound and well: now does her own housework, and is as well as she ever was.—Free trial bottles of this Great Discovery at C. E. Holton's drug store. Large bottles 50 cents and $1.00.

Eczema! The Only Cure.

Eczema is more than a skin disease, and no skin remedies can cure it. The doctors are unable to effect a cure, and their mineral mixtures are damaging to the most powerful constitution. The whole trouble is in the blood, and Swift's Specific is the only remedy which can reach such deep-seated blood diseases.

Eczema broke out on my daughter, and continued to spread until her head was entirely covered. She was treated by several good doctors, but grew worse, and the dreadful disease spread to her face. She was taken to two celebrated health springs, but received no benefit. Many

patent medicines were taken, but without result, until we decided to try S. S. S., and by the time the first bottle was finished, her head began to heal. A dozen bottles cured her completely and left her skin perfectly smooth. She is now sixteen years old, and has a magnificent growth of hair. Not a sign of the dreadful disease has ever returned.

H. T. SHORR,
2704 Lucas Ave., St. Louis, Mo.

Don't expect local applications of soaps and salves to cure Eczema. They reach only the surface, while the disease comes from within. Swift's Specific

S.S.S. For The Blood

is the only cure and will reach the most obstinate case. It is far ahead of all similar remedies, because it cures cases which are beyond their reach. S. S. S. is purely vegetable, and is the only blood remedy guaranteed to contain no potash, mercury or other mineral.

There is no more trying work than the weaver's. Added to the confinement, the heat and the impure air, there is often an amount of physical exertion which seems incredible. In the manufacture of plush, for example, those who cut the pile have to walk about thirty miles a day. And with every step of that thirty miles they breathe in

vitiated air filled with particles of dust, poisonous coloring matter and other substances, irritating to the throat and lungs. It is no wonder that so many mill hands have an obstinate cough or that so many of them die of "lung trouble."

It is to operatives whose work makes them peculiarly liable to lung disease that Dr. Pierce's Golden Medical Discovery comes as a priceless boon. It positively cures deep seated and obstinate coughs, bronchial affections, bleeding of the lungs, and other diseases which if neglected lead to consumption.

"When I commenced taking your medicines, eighteen months ago, my health was completely broken down," writes Mrs. Cora L. Sunderland, of Chaneyville, Calvert Co., Md. "At times I could not even walk across the room, without pains in my chest. The doctor who attended me said I had lung trouble and that I would never be well again. At last I concluded to try Dr. Pierce's medicines. I bought a bottle of 'Golden Medical Discovery,' took it, and soon commenced to feel a little better, then you directed me to take both the 'Golden Medical Discovery' and the 'Favorite Prescription,' which I did. Altogether I have taken eighteen bottles of 'Golden Medical Discovery,' twelve of the 'Favorite Prescription,' and five vials of 'Pellets.' I am now almost entirely well, and do all my work without any pain whatever, and can run with more ease than I could formerly walk."

You can consult Dr. Pierce by letter absolutely without charge. He will carefully consider your condition, and write you fully, giving you familiar, fatherly advice as well as medical direction. Your letter will be held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

A Mother's Duty is to see to it that her children begin early in life to shampoo their heads regularly once a week. In each instance, after the hair is thoroughly dry, some mild, health-giving tonic should be applied to the scalp to aid nature in creating the best possible growth of uniformly colored, lustrous, healthy hair—the most important feature in the make-up of beautiful women and handsome men. BIG YACHTS MEASURED.

The Shamrock Gets the Advantage of Time Allowance.

New York, Oct. 3—All details for the first of the series of international yacht races for the America's cup, which takes place tomorrow, were completed this afternoon. Official measurements of both yachts were made today by Official Measurer Hyslop, of the New York Yacht Club.

The sailing length of the Columbia is 142.135 feet; Shamrock length, 101 92 feet. According to these measurements the Columbia allows the Shamrock 6 3-10 seconds The Columbia measures 89 66 feet on the water line and the Shamrock 87 69. The Shamrock's square root of sail area is 116.15 and the Columbia's 115 61 The measurements show that the Shamrock has the advantage, inasmuch as she has greater sail area and shorter water line.

FRIGHTFUL EARTHQUAKES.

Weird Phenomena of Earth Disturbances in Asia Minor.

Constantinople, Oct. 4—It is now estimated that 1,500 persons perished in the earthquakes in Asia Minor around Aidin The first shock occurred at 4 in the morning of September 20, and lasted 40 seconds. The effects were appalling Whole villages were completely destroyed. The earthquakes were felt as far as Scio, Mitylene and Smyrna.

The latest advices from the stricken area show that men, women and children were buried in the ruins of their dwelling places before they realized their danger.

Sulphurous springs burst out in the valley of Noander, and the country between Aidin and Denizli became full of crevices, out of which rushed black, muddy water, with sufficient volume to wash away a flock of 1,000 sheep.

The shocks continue almost daily, but with no great violence. The population is encamped in the open.

Fifteen men, with pistols and knives, engaged in a general street fight at Chicago, and Color Lizan was killed and many others seriously wounded.

WINE OF CARDUI

A LITTLE DOES MUCH.

BOONE, IOWA, Dec. 14.
No tongue can tell what I have endured in the past ten years with my monthly sickness. While suffering untold agony, a friend called and recommended Wine of Cardui. I sent for a bottle, and Oh! what relief. After the first dose I began to feel better and have had no pain since.
MRS. GRACE LAMPHERE.

McELREE'S Wine of Cardui

Wine of Cardui not only cures but it acts AT ONCE. Here is a case of ten years' standing, and yet one single dose made the sufferer feel better, and stopped the pain. The Wine goes straight to the seat of the trouble. It acts directly upon the menstrual and genital organs. Its action is not violent, and it does not force a result. It simply gives Nature that little assistance that the sufferer's system lacks. A single disorder in the feminine organs spreads many disorders all over the body, and when the Wine cures the source, all the other ills vanish as a matter of course. A woman can be her own physician and cure herself at home. Local examinations are largely things of the past—the obnoxious custom is no longer necessary. Wine of Cardui is the only perfectly safe and sure vegetable Wine made to-day for the cure of "female troubles".

VALUABLE MINING PROPERTY.

Improvements to be Made at the Snipes Mine in Chatham County.

Rev. J. A. Whiteman, of the Snipes Goldmining Company, was here yesterday on business connected with his mine. He returned home this morning.

While here Mr. Whiteman purchased from the Sergeant Manufacturing Company a sawmill, which will be used for cutting timbers for trestles, etc., on a tramway to be built from the Snipes mine to the Patterson gold mine in Orange county, owned by S M. Roberson. The distance is about five miles.

The Snipes mine was bought by Mr. Whiteman about four years ago from Mr. Ben Snipes for $700. Mr. Whiteman tells us that the mine has been worked ever since, and that the prospects are very bright. The grade of ore is very fine and the per cent of gold gratifying.

Mr. Whiteman came to this state from the west, where he was engaged in mining for several years, and thorougly understands his business. He informs us that his company will put in the latest improved mining machinery, and is confident the company will operate the minesucceefully. They have installed a 100-horse power engine.

Walking is Cheaper.

It is seldom you hear of a female tramp but there was one in this city last night, and this morning she is in the lockup at Salisbury.

As the southbound fast mail was pulling out last night this female jumped on the blind baggage at the Ashe street crossing, and no doubt thought she was safe for a long ride, but fate was against her and when the train reached Salisbury a policeman arrested and jailed her. He had just received a dispatch from the officers here notifying him to look out for the woman. Parties who saw her board the train say she seemed to be thoroughly familiar with catching trains.

On the 10th of December, 1897, Rev. S. A. Donahoe, pastor M. E. Church, South, Point Pleasant, W. Va., contracted a severe cold, which was attended from the beginning by violent coughing. He says: "After resorting to a number of so-called 'specifics,' usually kept in the house, to no purpose, I purchased a bottle of Chamberlain's Cough Remedy, which acted like a charm. I most cheerfully recommend it to the public." For sale by C. E. Holton, Druggist.

SURVEYING FOR WATERWORKS.

City Engineer Bandy Has Begun the Big Job.

Prof. J. M. Bandy, city engineer, has begun the survey of the present intake water shed of the city water supply. He is also going to make a survey of South Buffalo and Mile Run creeks, with a view to ascertaining the quantity of water to be obtained from those streams and the cost of getting it up into the city.

Prof. Bandy has received from Civil Engineer Gray, of Rhode Island, who has been employed as an expert to make estimates on cost of water plant, all neccessary data pertaining to the water question, to enable him to accurately make the surveys.

City Engineer Bandy is the peer of any man in the country in his profession and may be relied on to furnish accurate estimates.

James Reed Injured.

Mr. James Reed struck his leg against a cake of ice in such a manner as to bruise it severely. It became very much swollen and pained him so badly that he could not walk without the aid of crutches. He was treated by physicians, also used several kinds of liniment and two and a half gallons of whiskey in bathing it, but nothing gave it any relief until he began using Chamberlain's Pain Balm. This brought almost a complete cure in a week's time and he believes that had he not used this remedy his leg would have had to be amputated. Mr. Reed is one of the leading merchants of Clay Court House, W. Va. Pain Balm is unequalled for sprains, bruises and rheumatism. For sale by C. E Holton, Druggist.

Flattering Opening.

President Dudley tells the Telegram that the opening of the colored A. & M. College Monday was the largest in the history of the institution; that he fears the number of students this year will tax the college to its fullest capacity, and that he has withdrawn all advertisements from the newspapers for fear of having more students than can be accommodated. The classes have all been organized and regular class work was begun yesterday.

Many Thanks.

"I wish to express my thanks to the manufacturers of Chamberlain's Colic, Cholera and Diarrhœ Remedy for having put on the market such a wonderful medicine," says W. W. Massingill, of Beaumont, Tex. There are many thousands of mothers whose children have been saved from attacks of dysentary and cholera infantum who must also feel thankful. It is for sale by C. E. Holton, Druggist.
